Trustee Nero

- The next Public Works Committee meeting will be March 23, 4:30pm at Village Hall.

Trustee Liddle

- The next Administration / Finance meeting will be February 23rd, 4:30pm at Village Hall.
- On April 13th, Finance Director Cunningham and Assistant Manager Parker will present the proposed budget for 2023-2024.

Trustee Barker

- This past Monday an Environmental Improvement Committee meeting was held.
 - Jon Yeater, Bob Fleck, and Chad DeVries were in attendance and able to address questions regarding pollination, landscape, pesticide spraying, etc. The presentation was over two hours and they shared their expertise.
- Glenn Gabryel introduced the concept of Community Solar in which municipalities are signing on with providers that obtain their electricity exclusively from solar power, and there is also the possibility of cost savings to the user. The EIC has encouraged the Village to do some fact-finding regarding this topic.
- The group is looking to present its 2023 goals at the Feb. 23rd Administrative / Finance meeting and then its annual report at the April 16th Administrative / Finance meeting.
- The BNSF corridor native plantings plan was discussed. Clarendon Hills successfully put in plantings along the train corridor and it would be a good model to review. Chad DeVries talked about future plantings and maintenance for our train corridor.
- Village Forester, Jon Yeater, talked about a recent report regarding Westmont's tree canopy. While improvements have been made over the years, Westmont has less tree canopy cover than any of our adjacent neighbors and we are behind the county as a whole. The group discussed ways to address this concern as we move forward. Emerald Ash Borer had an effect on our tree population. Wanted to report that from 2018 to 2022 we are up by 4% in our tree population.
- The Holiday Lights Recycling Program is completed. Our holiday lights recycling program ran from early December through the end of January and we had a record year. We collected 3,206 lbs of holiday lights, which was 1000 lbs greater than last year.
